

Archdiocese of Milwaukee
Check Issuing Guidelines
Revised January 27, 2026

How Should I Make Out That Check?

We know that over the course of the year every parish prepares checks to pay bills unique to Catholic parishes, and forwards to the Archdiocese donations received in response to specific appeals and purposes. It may seem convenient to combine payments and issue a single check; however, except as noted below, payments should be made on separate checks. Many of these payments are deposited into different bank accounts, and/or different banks. If payments are not on separate checks, we will return the check to you with a request that you issue the required individual checks. Please remember to include any necessary documents with each check, and **clearly indicate on the check stub/memo the purpose of the check**. If checks have the same mailing address, we encourage you to mail them all in one envelope and they will be distributed appropriately upon arrival.

Payments to which we refer include the items below. Please note that the charts correspond with the categories A, B and C below.

- A) Parish assessments, and any invoices from the Archdiocese of Milwaukee. These payments may be made on a single check as long as you note which payments are being made.
Workshop and/or event registrations should follow the directions on the enrollment/registration form. It is imperative that you include the enrollment or registration form with the payment.
- B) Payments to trust funds, restricted funds, or donor-restricted gifts to specific appeals. These are administered by the Archdiocese. The funds have certain restrictions and are not necessarily deposited into the same bank account.
- C) Payments to separate Catholic entities with a presence in the Archdiocese. These should always be on separate checks as they are separate entities.

CHECK ISSUING GUIDELINES – Category A
